PACED BY A BEAR.

A dispatch from Winsted, Conn., says: A new record for two miles 'cross country was established Tuesday night. by Jeremiah Sweeney and Septimus Deloy, middle aged natives of Canaan. The course lay between the district school and Clem Kegler's farm and is as level as any two-mile stretch that can be found in that part of the country, no grade being more than forty-five feet to the mile. They were paced by a bear, which accounts for the fact that they are said to have covered the distance in a fraction under five minutes.

The bear has been terrorizing that part of the country for a fortnight, frightning horses and assassinating sheep and calves. It is described as a black bear of ferocious aspect and great ability as a sprinter. Sweeney said that

it is taller than a man.

The two men had been to East Canaan, where there is a store that keeps a health food in stock. The health food is packed in bottles, and is supposed to be responsible for the longevity of the people of those parts. When passing the district school on their way home the men were approached by the bear. The run they made is a matter of his-

tory. At its completion they gathered a posse of 150 armed men, who scoured the woods all night for the monster. It is said that the bear escaped from two Italians early in the mouth, and that its reputed attempts to devour pedestrians are really friendly overtures
